

# Handy Re-Stock Shop

A price list is available on the community website or at

<https://www.facebook.com/Handyrestockshop>

There is an offline and an online method of ordering:

1. People can drop off their order and any containers to refill in the box outside Rose Cottage in Grewelthorpe. (2 doors down from The Crown Pub) . This would require a printed order form or a written note.
2. Online orders via facebook or email. I can then arrange to deliver and refill containers at an agreed time.

For the refill products people can either leave their containers available for me to pick up and refill. ( I bring the bulk containers with me in my van and fill containers by the roadside.) Alternatively people can buy a refillable glass container with pump / spray etc. which can then be refilled each time.

I sanitize refill containers and have contactless payment options.

I have quite a wide range of other products, not on the list, including cleaning cloths, brushes, beeswax wraps, etc. all plastic free.

Please contact me for more details: **07745 370994**
